THE VERY BEST SCOTTISH BEEF

Simply cooked over char-coal grill. Our beef is selected from only the best Scottish farms. Naturally reared, expertly butchered by our long term partner ScotBeef. All our steaks have been matured for minimum of 21 days.

If you have a food allergy, intolerance or sensitivity, please ask your server for guidance before you order your meal. All prices include VAT. All details are correct at time of going to print, however may be subject to change from time to time. NV on sparkling wine and champagne means non-vintage. ABV on our beer and cider listing describes the alcohol by volume. MVP = Market Value Price. Wine sold by the glass can be served in 125ml size on request. A discretionary 12.5% service charge will be added to your bill and will go directly to the team who looked after you.

We are wild about fish at Macdonald Hotels & Resorts, with our white fish all being wild. Fish isn't our only food passion; we care where and how all our ingredients have been reared or produced. All lamb and beef is Scottish, with our steaks matured for a minimum of 21 days. Our chicken is free range. Pork is the best of British - Our pork sausages are Red tractor certified and our bacon is British and dry cured. Last but not least, game: our wild venison and game comes only from Scottish estates and is not farmed. It's our dedication to serving only the highest quality food that makes us different.
